SATTA Annual Report 2016

Dear SATTA member,

thank you for downloading the SATTA Annual Report 2016.

Drafted by SATTA on the occasion of the General Assembly of SATTA.

Comments and queries are always welcome!

Thank you for your interest and possible participation in the GV.

Like every association SATTA only lives thanks to the active cooperation of its members.

Best regards

For the SATTA EB

4. Summary of financial statements.....	5
5. Election proposals SATTA EB 2017	6
6. Member Statistics of SATTA	7

2. Summary of SATTA activities during 2016

According to its statutes SATTA is active in the following three areas:

License, stakeholder of skyguide and social events

Working paper on ATSEP license in ICAO Annex

In the advent of the 39th ICAO Triennial Assembly in Montréal in November 2016, GdF and SATTA prepared an IFATSEA working paper on 'ATSEP licensing scheme'. The aim of this working paper is to firmly embed the ATSEP licensing into the ICAO Annex I.

At the ICAO Technical Committee, indeed many ICAO members supported this working paper, while others like CANSO and the ICAO Secretariat strictly opposed it.

Without a vote it remains unclear whether a majority of the ICAO support ATSEP licensing.

Thus the ATSEP license in the ICAO Annex I remains the focus of IFATSEA and SATTA.

At the next IFATSEA EB meeting IFATSEA will discuss its further strategy.

SATTA as a stakeholder at skyguide (Stratcom, TUM and LOCOM)

SATTA is also represented in the WG for the evaluation of the Eurocontrol Safety Survey and is working to ensure that specific measures are taken into account, too.

However, the promised TOM participation has not yet taken place yet.

Social Event: On September 12th 2016, SATTA invited to the traditional SATTA event. 18 SATTA members visited the iconic medium-wave antenna tower at Beromünster. Thanks to Kilian Pfister, we also had the opportunity to visit the antenna tuning building. Strengthened by a sponsored 'aperitif' we walked through the rolling hills of the Michelsamt to the KKL B (art and culture museum) where its director Wetz explained various artistic curiosities.

Other dossiers worked on by the SATTA EB

On August 16th, 3 SATTA EB members introduced our association to the new FOCA Director, explaining to Mr. Christian Hegner our major concerns.

At each ATSEP Basic Training, EB members present SATTA as professional association to our new colleagues and have been able to acquire new members on the spot.

2 EB members represented SATTA at the IFATSEA ERM 2016 in Portugal. As active CISM peers, they were able to participate in the discussions on the theme "Building Just Culture".

In 2016 SATTA successfully organized the traditional DACH meeting in Luzern. 14 professional colleagues from Germany, Austria and Switzerland took part.

SATTA is represented in the IFATSEA Sub-Committee Future ATM Systems to assess the impact of future systems on the ATSEP profession (Industry 4.0).

The annual IFATSEA revision was carried out as usual by SATTA EB members.

3. Outlook to 2017

Working paper on compulsory EU ATSEP License in the EU Aviation Strategy

Like the existing uniform European ATCO license, SATTA supports 2017 new advances for a similar compulsory European license for ATSEP.

Safety is a top priority in aviation, and in view of the additional current threats, such as growing terrorism, it should be in the interests of all States to know which experts are working on security-critical infrastructures.

This can only be guaranteed by personal licensing. Indeed, only an ATSEP license systematically guarantees competence, skill and qualification!

Dossier Lobbying at Bundesbern

The SATTA EB hopes to be able to entrust one of its members with the dossier lobbying at Bundesbern. SATTA depends on active participation of its members in order to be able to process all its dossiers.

SATTA as Skyguide stakeholder at Stratcom, TUM and LOCOM

Inputs for these meetings are always very welcome.

Please tell us what should be done and improved in your function as ATSEP, since we are your direct link to the decision-makers!

SATTA keeps being involved in the evaluation of the Skyguide Safety Survey.

Social Event

SATTA EB intends to organize an attractive event in 2017 as well.

Suggestions for possible excursions are very welcome.

International affairs

SATTA EB members will attend the following meetings in 2017:

- 4 SATTA EB members will attend the DACH meeting in Lindau.
- 2 SATTA EB members will attend the IFATSEA ERM in Montenegro.
- 1 SATTA EB member will attend the IFATSEA GA in Montréal.

The IFATSEA General Assembly will take place in Montréal during November 2017, where the SATTA President will carry out the revision at the request and expense of IFATSEA.

Social media

In order to make SATTA even better known and to improve the active exchange with our members, SATTA operates the following website: (<http://www.satta.ch/>).

4. Summary of financial statements

Summary of the Financial Statements 2016 and the Budget 2017.

	Cash flow 2016	Budget 2017	∑ 2016-2017
Revenue	12'282.00 CHF	13'350.00 CHF	25'632.00 CHF
Expenses	6'733.45 CHF	17'360.00 CHF	24'093.45 CHF
Profit	55'548.55 CHF	-4'010.00 CHF	1'538.55 CHF

Increased Expenses in 2017 are due to:

- Set up rather than reverse accruals for DACH Meeting.
- Participation at IFATSEA GA 2017.

Compiled over 2016 and 2017 a balanced budget results.

Cash by end of 2016 approx. 26'400.- CHF,
of which accruals amount to approx. 8'300.- CHF.

The SATTA EB proposes to retain the existing membership fees for

- Active members: 120.- CHF and
- Passive members: 30.- CHF.

Details of the financial statements and the budget will be explained at the SATTA GA. They are available on written request to all interested stakeholders.

5. Election proposals SATTA EB 2017

SATTA President: **Roger Suter**. Member of EB since 2014.

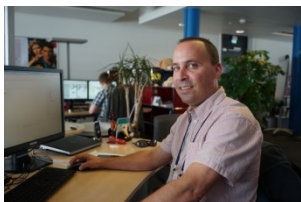

SATTA Vice President: **Patrik Mächler**. Member of EB since 2008.

SATTA Quaestor: **Bruno Schmid**. Member of EB since 2014.

SATTA EB: **Stefan Böller**. Member of EB since 2005.

SATTA EB: **Chris Lareida**. Member of EB since 2014.

The SATTA EB will actively search for possible new members for the EB in 2017.

To ensure its future, SATTA urgently needs reinforcement and a major rejuvenation of the SATTA EB!

6. Member Statistics of SATTA

Organisation	Based at	2005	07	09	10	11	12	13	14	15	2016
Skyguide	Wangen	64	74	82	85	81	79	73	72	69	67
Skyguide	Genève	19	21	21	23	23	20	20	19	18	16

Luftwaffe	Dübendorf	0	0	0	1	2	2	3	3	3	3
Vericom Broadcast	Beromünster					1	1	1	1	1	1
Engadin Airport	Samedan									1	1
ETH	Zürich	1	1	1	1	1	1	1	1		0
Passive		8	8	5	8	9	12	13	8	14	14
	Total	106	117	118	126	125	123	119	112	113	110

SATTA Member Statistics 2005 - 2016

Although the number of SATTA members remains relatively stable at 110 members, there is a continuous shift from active to passive membership.

However, 14% passive membership already and this share will increase in the near future still, if we are unable to rejuvenate the membership base continuously!
